

Formal meeting 11/5 14:40

Interesting Title Seaweedman: Frodo

Roaring Title Pearguydude: Sofia

OBJECTIVES

What we decided last time:

Sofia: Move the destruction of notes from MovementSystem to EntityManager.

Rasmus & Runvik: Fix note length so that they play for the right duration. The duration value is created in the Note class.

Sofia & Rasmus: Fix keyboard interface.

Rasmus: Generate dependency diagram.

Robert: Check all access modifiers in gameEngine and implement getters/setters where appropriate.

Robert: Fix MainMenu structure.

Arvid: Write test classes for model. Ticker, etc.

SDD:

Sofia: Write chapter 3.

Rasmus: 5 access control and security.

Arvid: 1.2 Definitions, acronyms and abbreviations

Robert: 3.n The "services" Package

Merge To do from today

Other?

REPORT

Arvid has:

- Implemented score logic with Rasmus
- Rewritten the component package to use getters and setters instead of public variables.
- Written tests for ticker and score.
- Unbroken things

Rasmus has:

- continued implemented a primitive version of score logic with runvik
- presumably responsible for creating a github mess
- Animation manager, primitive animation
- assisted with keyboard input classes
-

Robert has:

- Resolved a nasty merge conflict
- Worked on an input manager

Sofia has:

- Worked with merge conflict solving with Robert.

- With Robert written classes for input management and connected them via an interface.

1. **FURTHER DISCUSSION**

Continue working on:

- Sofia: Move the destruction of notes from MovementSystem to EntityManager.
- Rasmus och Arvid: Fix note length so that they play for the right duration. The duration value is created in the Note class.
- Frodo: Generate dependency diagram.
- Robert: Check all access modifiers in gameEngine and implement getters/setters where appropriate.
- Robert: Fix MainMenu structure.
- Arvid: Write test classes for model. Ticker, etc.

SDD:

Sofia: Write chapter 3.

Rasmus: 5 access control and security.

Arvid: 1.2 Definitions, acronyms and abbreviations

Robert: 3.n The "services" Package

- Sofia: Merge To do from today.

2. **WRAP UP**

Next meeting:

Monday 15/5 09:02:53 CET
